

1. CULTURAL CLUBS

The Institute has vibrant Cultural Clubs that provide a platform for students to showcase their creativity and talent. There are six clubs associated with our cultural fraternity, namely: (i) Saaz (Music Club), (ii) Jazbaat (Dramatics Society Club), (iii) Aavartan (Dance Club), (iv) Abhivayakti (Arts & Craft Club), (v) Aakrti (The Film Making & Photography Club), and (vi) Samvaad (Literature & Quizzing Society Club). The activities of the cultural committee are largely student-driven with proper guidance from faculty members. These clubs are active throughout the year. Besides helping students in honing their talent and skills, they organize their respective annual festivals.

Counselor: Dr. Koushik Dutta Phone No. 0761-2794, Mobile No: 9163080083, Email: koushikdutta@iiitdmj.ac.in

1. AAVARTAN (The Dance Club of IIITDMJ)

We are a family, that is bound together by the thread of 'Love For Dance'. It's a place where you come, you dance, and then you never want to leave again. Dance is about its fun, its frenzy, its excitement and Aavartan Dance Club is about all of the above things.

Events organized by this club: -

1. INVICTA: -

Jhankaar was the trademark event for Aavartan during Invicta '20. It was a group dance competition with prizes worth 30,000. The event was judged by a renowned belly dancer. The Aavartan Dance Crew had worked hard for months and ended up giving a performance that completely blew everyone's mind. They proved that blood, sweat, and tears will make anything and everything possible. The year ended with this sweet victory.

2. FOOT-LOSE: -

Footloose was an intra-institute dance competition, which was a wonderful opportunity for all the dancers in the institute to show off their talent and win cash prizes! Besides some filler performances by 2nd and 3rd years, there were in all 16 registered performances put up on the stage by the 1st years and the judges were wary about the incoming problem to rank them to get the best 3. All the students were provided with mentors who guided and polished their work throughout the course of a week beginning from finding a suitable choreography to executing it and putting it on stage. A plethora of talent was on display. The sound and light effects added essence to them. At last after 2.5 hours, the following were declared the winners : 1st - Monika More (1811012) Shreeya Patil (1914017) 2nd - Nikhil Barman (2019292) 3rd - Parv Yadav (2019299)

3. FLASH-MOB: -

Aavartan's trademark event, the promotional flashmob, was held on 18th Jan, where over 50 students had performed a synchronized choreography. This flashmob was done as a part of the promotions for Invicta '20. The students performed twice at the South Avenue Mall. There was a lot of media coverage, and the dancing mob managed to attract many crowds. It is safe to say that the event was a huge success and will go down in history.

2. Abhivayakti- The Arts & Craft Club

Abhivayakti- The Arts and Crafts club of PDPM IIITDM Jabalpur is a springing community of art lovers from across streams.

We welcome and invite all who have a passion for art and are devoted to put their skills to good use. We encourage their talents and give them an opportunity to share their skills with the community. We are a varied group of people with experience and knowledge of digital art, skin art, themes, wallpaper art, traditional art, Art prints, crafts models, and many more things. And we believe in sharing these skills with all.

Making our way through a multitude of exciting events and activities throughout the year, we provide numerous opportunities for our community to learn and to express themselves through art. Not limiting ourselves to club activities, Abhivayakti is constantly active throughout the seasons, working during gatherings, fests or showcasing our talent around the college campus.

Be it wall paintings or installations, painted 3D illusions or decorating the campus, we always have something up our sleeves!

Jazbaat- The Dramatics Society Club

The biggest cultural club of the institute which provides a platform to the students to explore all the areas of dramatics like stage plays, street plays, mono-acts and mimes. Apart from acting we also work on areas like scripting, music, instruments etc. which is an integral part of drama. We have something to offer to everybody and this is the reason our family keeps growing every year and we attain new heights.

Events organized by this club: -

1. **Monoact:** -The monoact is a scene with only one person physically present who acts and reacts a monologues scene.
2. **Stage Play:** -A one-act play is a play that has only one act, as distinct from plays that occur over a span of several act.
3. **Nukkad Natak:** -Used to convey a profound message to through the rawest form of acting, Nukkad is a form of theatrical performance in an outdoor public spaces.

4. Saaz- The Music Club

Saaz - The Music Club, of PDPM IIITDM- Jabalpur, is a platform that fosters a network among peers through the language of music. The club aims to discover and enhance the skills of students with diverse talents, providing opportunities to showcase and develop those talents. It organizes various events, competitions, and practice sessions to create a supportive environment for students to gain confidence and explore their musical abilities.

Events organized by this club: -

1. Saaz Night
2. Saanjh

2. Science & Technology Club

There are in all 7 different Science and Technology Clubs which are mentored separately by Faculty Members. Since the inception of the Institute, the technical fest “Abhikalpan” held annually is a popular event among different colleges of Jabalpur and the surrounding regions. Apart from that, Hackathon, Racing, Programming, Electronics, 3D printing, Business and Management, Fabrication and Astronomy related events are organized throughout the year.

Counselor: Dr. Amit K. Vishwakarma Phone No: 761-2794481, Email: amitv@iiitdmj.ac.in

1. Astronomy & Physics Society Club

The Astronomy and Physics Society is a student-run society under the Gymkhana of the IIITDM Jabalpur. The society aims to promote the knowledge of Astronomy and Physics among students and to provide a platform for students to showcase their talents and skills in these fields. The society organizes various events, workshops, and sessions throughout the year to help students learn and explore the wonders of the universe. The society also participates in various inter-college competitions and fests to represent the institute and showcase the talent of its members. The society is open to all students who have an interest in Astronomy and Physics and is a great place to meet like-minded individuals and learn new things.

Events organized by this club: -

1. Telescope Session: - Our Telescope Sessions are designed to ignite curiosity and fascination among astronomy enthusiasts. In these hands-on sessions, we guide students on how to locate and observe celestial objects such as the Moon, planets, and constellations using telescopes. Participants also get the incredible opportunity to view these breathtaking astronomical wonders up close, making it a truly unforgettable experience.

2. JWST Workshop: - Dive into the wonders of space imaging with our James Webb Space Telescope (JWST) workshops. In these sessions, students learn the art of processing and stacking raw images captured by the JWST. Using specialized tools, participants transform raw data into stunning, readable visuals, unraveling the secrets of the cosmos in the process.

3. Astrophotography Session: - In our Astrophotography Sessions, participants learn to capture images of celestial objects using various equipment, from mobile phones to DSLR cameras. From beginner tutorials to advanced techniques, we teach everything in this workshop. These sessions combine scientific techniques with artistic expression, offering a unique way to explore and document the night sky.

4. Elysium - Case Study: - Our Mars Case Study delves into the fascinating exploration of the Red Planet. Conducted by our club, this study involves analyzing data from various Mars missions, including rover images, soil samples, and atmospheric readings. Participants learn to interpret scientific data, understand Mars' geology and climate, and discuss the potential for future human missions. This case study provides a comprehensive understanding of Mars and its significance in our quest to explore the solar system.

5. Telescope Workshop: - Our Telescope Workshop provided participants with hands-on experience with telescopes. During the workshop, attendees learned about the different types of telescopes, their components, and how to set them up for optimal viewing. Our experts guided them through the process of aligning and calibrating the telescope, as well as shared tips and tricks for observing various celestial objects. It was a perfect opportunity for enthusiasts to deepen their understanding of telescopic observations.

6. Cosmic Showdown: Cosmic Showdown is an exciting astronomy quiz event combined with interactive games. Participants test their knowledge of the cosmos through a series of challenging questions and engaging activities, making learning about space both fun and competitive.

7. Treasure Hunt: - Embark on an adventurous journey with our Celestial Treasure Hunt! In this event, participants navigate through locations renamed after celestial bodies, solving astronomy-themed riddles and puzzles along the way. It's a thrilling blend of fun and learning, perfect for igniting curiosity and teamwork among space enthusiasts.

2. Aero Fabrication Club

The Aero Fabrication Club. As the name itself suggests the club invokes learning in students by incorporating two major topics which form the building blocks of all the engineering sciences. Here at AFC we believe in "Creating to Learn, Learning to Create" and try to build out of the very basic laws provided by the nature. Constituting of a huge participation from all the years of the UG program we are an ever growing and an ever learning family.

Projects organized by this club: -

1. Micro Class UAV

The club designed, built and flew a 3D printed RC Plane. The Micro Class UAV made trades between two potentially conflicting requirements: carrying the highest payload fraction possible and pursuing the lowest empty weight possible.

2. Autonomous UAV with Hotspot Detection

The Club designed , built and flew an Autonomous unmanned aerial vehicle that met many anticipated requirements and was capable of hotspot detection.

3. Racing Drone

The club designed, built and flew a high-speed, agile unmanned aerial vehicle designed specifically for competitive racing. Its sleek, aerodynamic frame is typically made from lightweight material i.e. carbon fiber to maximize speed and maneuverability while ensuring durability.

Events organized by this club: -

1. Water Rocket Competition

3. Business and Management Club

To be in Business Management Club means to grow your managerial skills, learning to let money make money, and instill all the qualities that an entrepreneur thrives after.

Events organized by this club: -

1. Investomania

You earn, you save, BUT HOW? BMC's Most successful event EVER with more than 200 college's student participating, ranging from esteem Business schools of india to investment firm's A realtime, fast pace investment marathon where your virtual money is invested by you in the markets to make your will of investing a present reality.

2. Inside Investigation

Why just know the company's with their name? get deep into high stake, course changing decisions taken by top management of various companies shaping our world. Flagship event from club for Freshman. Where students are drilled with extensively complex events took place in S&P 500 firm, on when a team has to prepare precise, concise and informative report which will be evaluate by esteem jury of BMC

3. Business Quiz

A fun way to test one's knowledge is quizzes. Though execution is the key in the business world, you have an edge if you have enough knowledge about it, making it wise to learn and test it. A business quiz seems like a great idea for this, which is exactly what we did. It gave every participant a reality check of how deep the waters are.

4. AdMad

A successful startup heavily depends upon marketing and reach. To understand the vital but minute details of marketing and strategic planning, we hosted AdMad and challenged the participants to take a well-known product, hide its brand, and market it in their way. It may seem easy to you while reading. However, if you experienced it, you would know the grind. This event polished our marketing thumb.

4. CAD and 3D Printing Club

CAD(Computer -aided design) club provides the students the opportunity to visualize a design idea through the use of computer technology. Students get the basic exposure to CAD softwares like CATIA, SOLIDWORKS, Adams, etc.

By learning the CAD software, the club members looks to gain a deeper understanding, visualize the concepts through renderings and simulate how a design will perform in the real world. In our club we mainly focus on CATIA and SOLIDWORKS.

Computer-aided design is one of the many tools used by engineers and designers and is used in many ways depending on the profession of the user and the type of software in question. CAD is one part of the whole Digital Product Development (DPD) activity within the Product Lifecycle Management (PLM) processes, and as such is used together with other tools, which are either integrated modules or stand-alone products, such as:

- * Computer-aided engineering (CAE) and Finite element analysis (FEA)
- * Computer-aided manufacturing (CAM) including instructions to Computer Numerical Control (CNC) machines
- * Photorealistic rendering and Motion Simulation.
- * Document management and revision control using Product Data Management (PDM).

CAD is also used for the accurate creation of photo simulations that are often required in the preparation of Environmental Impact Reports, in which computer-aided designs of intended buildings are superimposed into photographs of existing environments to represent what

that locale will be like, where the proposed facilities are allowed to be built. Potential blockage of view corridors and shadow studies are also frequently analyzed through the use of CAD.

CAD has been proven to be useful to engineers as well. Using four properties which are history, features, parameterization, and high level constraints. The construction history can be used to look back into the model's personal features and work on the single area rather than the whole model. Parameters and constraints can be used to determine the size, shape, and other properties of the different modeling elements. The features in the CAD system can be used for the variety of tools for measurement such as tensile strength, yield strength, electrical or electro-magnetic properties. Also its stress, strain, timing or how the element gets affected in certain temperatures, etc.

Events organized by this club: -

5. IIITDMJ Racing Club

The PDPM Indian Institute of Information Technology, Design, and Manufacturing racing club is a premier group dedicated to vehicle manufacturing and racing. Established in 2013, the club has consistently excelled in national competitions.

Achievements

Ranked 23rd All India and secured 2nd among government institutes at SAE Supra (Formula Student) event. Our vehicle, EVA, stands as a testament to our team's dedication and engineering prowess.

Projects by this club: -

1. EVA (2021-22)

2. VEGA 4.0 (2018-19)
3. IIITRINO 3.0 (2017-18)
4. ZARKAVA (2016-17)

6. The Programming Club

Bitbyte-TPC is a peer-learning community filled with tech-enthusiasts just like YOU!

We intend to keep your interest kindled with regular thought-provoking sessions on Competitive coding , web, app, and game development, open source contributions, AI and ML (basically anything and everything that involves coding). aim to help students and as a community we want to grow as much as possible in many domains of coding and development, be it Competitive Programming, Android, Web, Open Source, AI/ML, Ethical Hacking.

You also get a chance to exhibit your skills and win prizes in events like NewBie and many more organised every now and then.

Events organized by this club: -

1. Hack Byte: -A 3-day global hackathon in hybrid mode, aimed to bring together tech enthusiasts, make them explore the latest trends, share knowledge, and collaborate on innovative projects.
2. CodeRumble: -A 5-hour coding contest and speaker session to create awareness about Competitive Programming Competitions while teaming up with their peers.
3. BSOC:-A 10-week program where participants contribute to open-source projects, learn from mentors, and collaborate with like-minded people.
4. Aperta Fons

7. Electronics and Robotics Society

Welcome to the Electronics and Robotics Society, where passion for technology brings us together. As the oldest club in the institute, we've built a community that thrives on curiosity, creativity, and collaboration. Whether you're just starting out or you've been tinkering for years, you'll find a place here.

We're dedicated to helping everyone learn and grow. Our beginner-friendly sessions make it easy to dive into the world of electronics and robotics, and our competitions, like RoboRush, give you a chance to put your skills to the test in a fun, supportive environment.

At the heart of everything we do is a love for building, experimenting, and turning ideas into reality. Join us, and let's create something amazing together!

Events organized by this club: -

1. RoboRush: - RoboRush is an exhilarating competition that blends technology and creativity, offering a platform for participants to showcase their robotics skills, collaborate with like-minded enthusiasts, and explore the endless possibilities in automation.

3. SPORTS CLUB

Sports and games play a major role in keeping a person fit and fine. Sports in general inculcates, team work, mental strength and physical fitness along with ethics, respect to the opponent, fair play in real life aspects as well. Truly said! At IIITDM Jabalpur, we provide facilities for students to experience “above and beyond” academic experience, to maintain their physical fitness and to excel as a bright student. IIITDM Jabalpur has excellent infrastructure facilities for both outdoor and indoor games and sports. The outdoor games include Volley Ball, Foot Ball, and Cricket, Lawn Tennis, Basket Ball and Athletic ground. A Flood light facility is provided for outdoor games like volleyball, lawn tennis, basketball and Football. The Indoor-Students Activity Center (SAC) provides the following facilities: Shuttle Badminton, Chess, Caroms and Table Tennis with wooden flooring, and other multi-Gyms activities. We are preparing students by organizing intramural and extramural competitions. We encourage student participation in inter-collegiate, inter-IIIT and other open tournaments across the country.

2. Badminton Club

IIITDMJ Badminton Club has been the most successful club of IIITDM Jabalpur since its inception in 2010. Being the official Club of the Institute, it primarily focuses on the development of an individual as a sportsperson. A perfect place where you can convert your stress into something great. The club has so far won many competitions major highlight of includes 4 Inter IIIT titles for the consecutive years . Every year the club has witnessed constant improvement in its journey be it be in the rise of its members or achievements . Club regularly organises training sessions and events for its members for the complete development of an individual as an sportsperson.

Events organized by this club: -

1. Gusto Badminton: - Major highlight Of the Club is the Event organised under Annual sports fest of the Institute - Gusto. It's an inter college event where we invite other colleges to challenge us.
2. Enthuse Badminton: - Another highlight Of the Club is the Event organised under Intra College fest of the Institute. It's an intra college event where the institute students makes team and challenge each other.

6. Cricket Club

Cricket Club is the biggest Sports club of the institute which provides a platform to the students to explore all the areas of game. We are active throughout the year giving an amazing experience both to the club members and the audience. Club sessions are organized regularly and new avenues of game are explored. We have something to offer to everybody and this is the reason our family keeps growing every year and we attain new heights.

Events organized by this club: -

1. 45-Yard Tournament: - I know that passion for cricket is deep in us and there is no doubt about this fact that this tournament was memorable event for all of us. The standard cricket match that we hold is increasing year after year and we are happy that we are giving many 1st Year emerging players an opportunity to showcase their skills. This tournament was played with tennis ball and almost 20+ teams participated in the tournament including 10+ CRICKET CLUB 8 teams alone from the 1st Year.

2. Fit-India Tournament: - This is a tournament for this commitment that we all share not only this sport, but also our youth. We saw some remarkable performances during this tournament. All gave to their best and compete with the game spirit as well as keep it a fair game and catch every possible opportunity to come closer to each other, or in other words, to each other Hard fight! We witnessed not only teams from Undergraduate programs and Post - Graduate programs but also various Faculties and Support staff teams.

3. Enthuse: - The most competitive tournament of the club, Enthuse is a leather-ball tournament which was played in the cricket ground over a period of three days. This tournament had four teams, i.e., one team of each year. This tournament gathered a huge crowd in all of the matches and especially during the final match.

4. Night Tournament: - Backyard cricket, street cricket, referred to as gully cricket, is an informal ad hoc variant of the game of cricket, was played in the volleyball court area in the floodlights. More than 25+ participated in the tournament which lasted for three days

7. Football Club

We are an integral part of Gymkhana since 2005. We place equal emphasis on both the Men's and Women's teams with equal opportunity to take part in various intra-college events such as Enthuse and Futsal. Regular sessions are also held on evenings and mornings where an organized training plan is followed.

Events organized by this club: -

1. Futsal: - An annual intra college fun event which eases out the competitiveness called Futsal is also organized. We play in small teams consisting of 5 players each along with 3 substitutes and enjoy the fun filled group cum knockout tournament. Futsal registrations are open for every student team, making the club a warmer place for any new player in sight.

2. Enthuse: - We organize this yearly event to tighten the muscles of every club member. With eleven players on ground, and four substitute players waiting to play, a fierce group cum knockout tournament takes place. Teams representing the year they belong to compete with each other to pick out the best. Students irrespective of the year or course participate and take pride in proving their skill.

3. Gusto: - An Inter-college fest allowing every Indian college to show their passion for the sport is organized by us under the name Gusto. With 11 players on ground and 5 substitute players, a team from each college participates, indulging in a breath-taking group cum knockout tournament. With separate men's and women's tournament, we make sure to give equal chances of victory to everyone.

11. Table Tennis

The Table Tennis Club of IIITDMJ is a vibrant community for students passionate about the fast-paced and strategic sport of table tennis. Whether you're a beginner looking to learn the basics or a seasoned player aiming to compete, the club offers a supportive environment for practice, skill development, and friendly competition. Regular intra-college tournaments, training sessions, and participation in inter-college events help members stay engaged and

continuously improve. The club promotes sportsmanship, discipline, and camaraderie, making it an exciting part of campus life.

12. Volleyball Club

IIITDMJ Volleyball Club has been one of the most successful clubs of IIITDM Jabalpur since its inception. This is one of the clubs where both the existing and new members learn. Both the men's and women's volleyball teams work hard throughout the year attending regular practice sessions with discipline and dedication and also attend many local tournaments and practice matches regularly to keep improving and to perform their best at the Inter IIIT sports meet and other various events. Also, many people work hard on the ground to get selected in the team. A perfect place where you can convert your stress into something great. The club has so far won many competitions through the years. Every year the club has witnessed constant improvement in its journey be it be in the rise of its members or achievements. Club regularly organizes training sessions and events for its members for the complete development of an individual as a sportsperson.

13. Yoga and Meditation Club

The Yoga and Meditation Club of IIITDMJ is dedicated to promoting physical well-being, mental clarity, and inner peace among students. Through regular yoga sessions, guided meditation, and mindfulness workshops, the club creates a calm and supportive space for relaxation and self-growth. Open to all skill levels, the club encourages a healthy lifestyle and helps students manage stress, improve focus, and maintain balance in academic life.

Jagrati- An Initiative by IIITians

Jagrati's vision is to promote education for rural development and make it accessible to all. By empowering children through education, IIITDMJ students aim to help them reach their full potential, even in challenging circumstances. They strive to brighten the future of generations and ultimately extend their support to every needy individual in India, contributing to the creation of a new India.

VISION: -At Jagrati, we promote education in villages and help these little kids to find their passion and shape their lives. Our vision is to promote education as a vehicle for rural development and provide it to students who cannot otherwise access or afford it. By empowering children with education, we want to make sure that they live out their potential even under adverse circumstances. And light the future of generations to come.

INITIATIVES: -

- 1.Book Distribution
2. Clothes Distribution
3. Blood Donation
4. Plantation Drives
5. Old age home visit
6. Awareness Rally

INTER COLLEGE COMPETITIONS ORGANIZED BY IIIT-DM JABALPUR

The students have been organizing annual inter-college festivals namely “Tarang” (Cultural Fest), “Abhikalpan” (Tech Fest) and “Gusto” (Sports Fest) in the campus regularly ever since the inception of the institute. These festivals have become very popular among the students of other colleges of Jabalpur and a significant number of students of other colleges participate in these events. Apart from this, various festivals at inter-hall level like DMD battle (Cultural event), Enthuse (Sports event) and various technical events such as Photography Exhibitions, Robotics events, etc, are also being organized by students. Institute has also opened SPIC-MACAY chapter under whose banner various cultural and folk events are being organised. National Festivals like Independence Day and Republic Day are also organized by IIITDMJ students with great enthusiasm.
